P2279, P0033, P2562, P023600
Tested system. Found multiple codes regarding Turbo. Turbo bypass valve could be the cause of problem. Found bypass valve remaining in the open position. Replaced bypass valve with a known good part. Re-tested system. Valve now moving, but still having low/no boost. Oil leaking through turbo. Need to replace turbo (comes with new bypass valve as complete unit).

Service

Turbocharger
Remove and Replace components as required to access and install materials, and/or perform needed service. Retest and verify repair as required. Perform final road test where applicable.
