Engine Oil Level:	Engine Coolant Level:

Tech Notes (Other observations not covered under the BPP):

No abnormal noises found.

This assessment report is a limited visual and operational inspection performed to confirm compliance with Regal's Buyer Protection Plan (BPP) guidelines. The Road Test is intended to identify major mechanical defects affecting drivability at the time of inspection. This inspection is not a comprehensive mechanical inspection and does not include disassembly, in-depth diagnostic procedures, or evaluation of wear items, or non-powertrain components.
